Meet our Speaker:

Supt Jen Finley is a life-long Free Methodist with extensive experience in organizational leadership. Prior to entering vocational ministry, Supt Jen was a licensed counselor who served as a director at a psychiatric hospital in which she was responsible for overseeing sixty-five therapists and administrative staff. She has also served as Church Relations Director for International Child Care Ministries. In her own words: "Above all, God has given me a passion for His work and His church. I have a deep desire to serve Him and His Kingdom through the growth and development of His church. It's truly a privilege to serve as God leads, to be His bridge builder, and to work alongside others whom He has called into pastoral leadership."
