All pastor wages are EXEMPT from Social Security and Medicare withholdings. When completing the W-3, be sure that all pastor wages are NOT listed in the Social Security & Medicare wages boxes (3 & 5)

**Box 2, 3, 4, 5, 6, 7, 8, 11, 17, 19, and 20** - should be blank unless the church is **withholding** taxes from the pastor's paycheck

**Box 13:** If Pastor is a participant in the FMCNA pension plan for any part of the year, put an X in the “Retirement Plan” box. No dollar amounts are to be listed on the W-2.

**Box 14** - List the following:

*“Taxpayer is a Minister NOT subj to FICA tax or W/H requirements”*  
(W/H stands for withholding)

The following should be either reported in Box 14 or on a separate sheet of paper. IRS does not require this information on the W-2, and we prefer that it be on a separate sheet of paper, but it is very helpful for you to provide the information as the taxpayer may be required to report this information on their individual tax return.

- Housing
- Medical insurance premiums and Flex Spending (Medical Spending Account)

Notes:

- **All copies (employee and government) are due January 31.**
- IRS prefers that tax forms be prepared in 12 pt, courier font.
- **The above instructions are not inclusive but specific to clergy earnings; please see IRS Instructions for Forms W-2 and W-3 for further information.**
- Keep copies of all payroll tax forms for 7 years.

**Government reporting:**

W-3 form (Federal transmittal/cover for IRS copies of the W-2):

Box 1 Include all pastor and any other employee earnings, do not include 403b

Box 3 & 5 All NON-Pastoral earnings only

Box 16 & 18 Includes all earnings (including pastor's) except 403b

IRS requires their special printed red ink (copy A) that is acquired directly from them. They will reject any copies that you print on your printer, even if from their website.

Copy 1 of each W-2 is the state copy. Send with the appropriate state transmittal/cover form. For Indiana, use form WH-3; Illinois & West Virginia would have similar transmittal forms.

**Ordering Forms:** There is NO CHARGE for tax forms from the government.

Federal tax forms should be acquired from the IRS as follows:

1. Download Federal tax forms, including 1099-MISC, W-2, and W-4 (Employee's Withholding Allowance Certificate), etc. from: <http://www.irs.gov/formspubs/index.html>  
NOTE> Most of the downloadable forms can be typed in and printed directly from the IRS website. However, IRS will not honor printed red copies from the internet. Actual paper copies of the following 4 forms (all government copies) must be ordered from IRS:
  - W-2 - Copy A
  - W-3
  - 1099-MISC - Copy A
  - Form 1096
2. Or order from IRS (via their website above, US mail, or by phone (*1-800-TAX-FORM* or *1-800-829-3676*). Allow at least 7 to 15 days for them to process and ship your order.
3. Order State tax forms via their appropriate state site.
